A dialogue-light comic series about the bond between two sisters: rough-and-tumble warrior Kristina, and bubbly young inventor Amelia.

(Number of fics until I reach 300: 4...)

Chapter 1: Cover Art + Character Sheet

The Spirits aren't actually really important to this. None of the world lore is, really. It's mostly focused on the feelings of sisterhood. But if you WANT to know more about them or anything else in this, please comment!

Oh, and: This series features my original characters, world, and plots (as much as there are any). Do not use without permission. If you want to do something based on this, though, just comment — I might give you permission to use the characters, depending on what it is.

Anyways, I hope you enjoy 😊

Chapter 2: Inspiration

In which Amelia talks a lot while Krissi listens to every word of it, and Krissi talks very little while Amelia does more than just listen.

Chapter 3: Chess And Pull-Ups

In which Krissi multitasks for the sake of sister time.

Chapter 4: Business As Usual/Health & Safety Protocols

~Currently Under Construction~

No Longer Under Construction!

In which Krissi decides that 'taking a break' and 'going outside' are not optional concepts, and Amelia knows exactly how adorable she is.

I hit an image generation limit in the middle of making this chapter, so I'm inserting a placeholder so I can go ahead and post other chapters.

☹️ Sorry for the inconvenience, Chapter 4 will be up soon! ☹️

Interlude: (AI-Only Chapter)

In which I decided to let the AI (ChatGPT) make its very own chapter based on the rest of the comic, with no redos, nor input or edits from me. Because why not?

Chapter 5: Krissi's Day (Part One)

In which we get a look at some of Krissi's daily routines.

I thought of giving her a bandage after the scene with the cut on her head, but ultimately decided that such a small injury would be too quick a heal in the setting for that. Comment if you think it would've been better for continuity!

Chapter 6: UNFINISHED — Krissi's Day (Part Two)

This one's getting complicated and finishing it is blocking me from posting other chapters. Sooo, I'm going to post what I have +notes and update it later.

In which Krissi comes home after a long day/week and remembers that the thrill of battle isn't the only thing worth her attention.

> Krissi approaching a house | Krissi walking in through the front door

> Close-up of Krissi's face, eyes closed, breathing out a tired breath. A faint hint of music notes float to the far side of the image. | Krissi's eyes are open, head tilted slightly over her shoulder as the music notes drift in further

> Krissi leaning around a doorway, peering into a room.

> Song-through-Amelia's-body is playing the piano while Amelia-through-Song's body and Eric (childhood friend, pseudo-sibling) happily listen. Cute family moment.

> Back to Krissi's face, forever irritated expression now more neutral/slackened

> Back to Kris, the same expression as before | Krissi looks down, eyes closed | Krissi looks up and opens her eyes with a soft, fond look, the first time she's shown smiling in this

> Things end with Krissi joining them at the piano, looking happy, summoning Speedy to join in. The background goes completely white, leaving just the characters and piano.

Chapter 7: Background Noise

In which Amelia is cute and unbothered. Meanwhile, Krissi and her oldest friend are waging a two-person war... against each other.

Chapter 8: Amelia's Day

In which we get a look at some of Amelia's daily routines.

Chapter 9: First Additional Character Sheet

For the characters and ideas introduced in previous chapters that weren't shown in Chapter 1.

Oh! I almost forgot — Song's name is actually Singsong 'Song' Amesprit. I accidentally mislabeled her, whoops 😊

Chapter 10: Starry Night

In which some things are worth staying up past your bedtime.
